Dealer's Room:

We will have dealers selling comics, jewelry, fantasy weapons, new books, used books, toys, posters, t-shirts, models, and fannish items too numerous to mention. So bring your want lists, and go to town. It will be a good place to shop right before Christmas!

Art Show:

The Astronomicon Art show is one of the largest in upstate New York. We have artists from as far away as California sending art to the con.

Programming:

We will be running two tracks of panels, along with workshops, and readings.

And much, much more!
